

# HANDS OFF ALBERT PARK!

## **ACTION URGENTLY REQUIRED** to stop Government's proposed Grand Prix Amendment Bill

There is a bill in Victorian Parliament this week that proposes to:

**LOCK COMMUNITY OUT OF THE PARK** for three full weeks around the Grand Prix - rather than the current one week.

- Further disruption to the many thousands of people that use the Park for recreation
- Further disruption to Albert Park Sports Clubs, golfers, MSAC and the Driving Range
- More risk and damage to wildlife and the Lake environment
- Further disruption to schools and education programs located in the Park
- Further traffic chaos

### **EXTRA POWERS AND PUBLIC FUNDING TO THE GRAND PRIX CORPORATION**

The bill will empower the AGPC to run more events in Albert Park Reserve whenever it likes. This means yet more community disruption and damage to the Park.

Just 6% of visits to Albert Park are GP-related. But 95% of annual funding is spent on the GP. This year that includes \$100 million losses for the AGPC, and \$350 million for a new Pit Building.
